Dear Sir:

This is a Supplemental amendment to the amendment filed to you on April 16, 2004 in this case. Applicant has expanded the discussion of point 5) in the Remarks to more fully differentiate the claimed invention from the cited art. This is in response to the Final Office Action mailed February 24, 2004 setting a three-month period to respond. The present response is being made within two months from the mailing of said action. It is believed that the amendment and Response presents the rejected claims in better form for consideration on appeal. Reconsideration and Allowance of the present claims is requested.
